**YOUR INSURANCE:**

We have made prior arrangements with many insurers and health plans. We will bill those plans with whom we have an agreement and will collect any required copayment, coinsurance, or deductible at the time of service. Copayment, coinsurance, and/or deductible will be collected upon sign in for your appointment time without exception. Payment may be made via cash, check, credit or debit. In the event your health plan determines a service to be “not covered”, you will be responsible for the complete charge. **Please inform us when your insurance plans change.**

**MINOR PATIENTS:**

For all services rendered to minor patients, the adult accompanying the patient is responsible for payment in full at the time of service, regardless of who is legally responsible. All minors must be accompanied by a parent or legal guardian unless prior arrangement for another party to be present or children older than 12 to be seen alone has been made in writing by a parent or legal guardian.

**MISSED APPOINTMENTS:**

In order to provide the best possible service and availability to all our patients, it is our policy to charge a \$45.00 fee for any “brief” appointments not cancelled 24 hours in advance, and \$80.00 for physicals. Please call us as early as possible if you know you will need to reschedule your appointment.

**MEDICAL RECORDS:**

Medical records may be released with a signed consent from the patient only and may be charged \$1.50 per copy, up to \$35.00 and .50 cents for each copy thereafter. There is also a \$30.00 charge for the completion of medical forms (i.e. FMLA, Medication Authorization, Forms for Supplies).

**COMPLIANCE:**

In an effort to maintain optimal health, each patient is expected to comply with the physician’s advice regarding their health care needs. Failure to do so may result in our inability to continue providing your health care. In order to maintain continuity of care, we request that you schedule an annual physical exam.

**FINANCIAL AGREEMENT:**

We will gladly discuss your proposed treatment and do our best to answer any questions relating to your insurance. You must realize, however, that:

1. Your insurance is a contract between you, your employer, and the insurance company. We are not party to that contract.
2. Not all services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services that will not be covered (e.g., yearly physicals, pap smears, mammograms, urinalysis, hemocult, blood work). It is your responsibility to be familiar with your health insurance plan.

We must emphasize that as your medical care providers, our relationship and concern is with you and your health, not your insurance company. **ALL CHARGES ARE YOUR RESPONSIBILITY FROM THE DATE SERVICES ARE RENDERED.** For your convenience, we accept VISA, MASTERCARD, PERSONAL CHECKS, and DEBIT CARDS. There will be a \$30.00 charge on all returned checks. All past due accounts over 60 days will be charged a late fee of 5% of the unpaid monthly balance. On any balance on your account after 90 days, including those that insurance has not paid, collection action will be taken. If it becomes necessary to collect any sum due through an attorney, then the patient/guarantor agrees to pay all reasonable costs of collection, including attorney’s fees, whether suit is filed or not. If you have any questions, about the above information or any uncertainty regarding insurance coverage, please do not hesitate to ask us, we are here to assist you.

**I have read and understand the policies of the practice. I understand and agree that such terms may be amended from time-to-time by the practice.**

Dear Patient:

In an effort to make our office as efficient as possible, and to reduce waiting time for you the patient, please review the following suggestions. We have found that when patients' follow these simple steps we are able to provide better care in a more timely and efficient manner.

**KNOW YOUR MEDICATIONS:** The name of the medication, what the medication is being taken for, and also the strength and dose. Keep an updated list of your medications with you for quick reference. This includes any supplements that you may be taking.

**REFILLS:** Advise the medical assistant of any refills you need and whether you or your insurance prefers 30, 60, or 90 day refills. Also, provide her with the name and phone number of your pharmacy, we now send most prescriptions electronically. When calling in for prescription refills, please provide this information as well.

Check the number of refills on your prescription prior to calling us to avoid additional calls.

**INSURANCE FORMULARY:** Become familiar with your insurance formulary plan for prescriptions, provide the office with a copy of the formulary to be placed in your chart for future reference. If we prescribe a medication for you that is not on your formulary and you don't inform us, there will be a need for you to schedule another appointment with the provider to select another medication that is best suited for you with your medical condition.

**OFFICE VISITS:** Our office tries, if possible, to evaluate only one-two medical problems per patient, per visit. This allows our appointment schedule to run at a manageable rate and has proven to be the fairest to all concerned. Emergencies and exceptions do arise and some problems take longer to evaluate than others. We make every effort to minimize our patients waiting time.

**SCHEDULING APPOINTMENTS:** Allow yourself sufficient time when scheduling office appointments; realizing that due to the nature of our office we do handle medical emergencies when they arise, this may cause our schedule to run behind.

Thank you so much for your attention to these important matters. If you have any further questions or comments, please bring them to the attention of the receptionist. Thank you again for choosing our office, and we look forward to treating you.

By signing this document, I acknowledge reading and understanding the above. I have received a copy for my records. The original will be placed in my chart.

There are additional situations when American Family Medical is permitted or required to use or disclose your protected health information without your consent or authorization. Examples include the following:

- As permitted or required by law.  
In certain circumstances we may be required to report individual health information to legal authorities, such as law enforcement officials, court officials, or government agencies. For example, we may have to report abuse, neglect, domestic violence or certain physical injuries. We are required to report gunshot wounds or any other wound to law enforcement officials if there is reasonable cause to believe that the wounds occurred as a result of a crime.  
Mental health records may be disclosed to law enforcement authorities for the purpose of reporting an apparent crime on our premises.
- For public health activities.  
We may release healthcare records, with the exception of treatment records, to certain government agencies or public health authority authorized by law, upon receipt of written request from that agency. We are required to report positive HIV test results to the state epidemiologist. We may also disclose HIV test results to other providers or persons when there has been or will be risk of exposure.

We may report to the state epidemiologist the name of any person known to have been significantly exposed to a patient who tests positive for HIV. We are required by law to report suspected child abuse and neglect and suspected abuse of an unborn child, but cannot disclose HIV test results in connection with the reporting or prosecution of alleged abuse or neglect. We may release healthcare records, including treatment records and HIV test results, to the Food and Drug Administration when required by federal law. We may disclose healthcare records, except for HIV test results, for the purpose of reporting elder abuse or neglect, provided the subject of the abuse or neglect agrees, or if necessary to prevent serious harm. Records may be released for the reporting of domestic violence if necessary to protect the patient or community from imminent and substantial danger.

- For health oversight activities.  
We may disclose healthcare records, including treatment records, in response to a written request by any federal or state governmental agency to perform legally authorized functions, such as management audits, financial audits, program monitoring and evaluation, and facility or individual licensure or certification. - Judicial and Administrative Proceedings.  
Patient healthcare records, including treatment records and HIV test results, may be disclosed pursuant to a lawful court order. A subpoena signed by a judge is sufficient to permit disclosure of all healthcare records except for HIV test results.
- For activities related to death.  
We may disclose patient healthcare records, except for treatment records, to a coroner or medical examiner for the purpose of completing a medical certificate or investigating a death. HIV test results may be disclosed under certain circumstances.
- For research.  
Under certain circumstances, and only after a special approval process, we may use and disclose your health information to help conduct research.
- To avoid a serious threat to health or safety.  
We may report a patient's name and other relevant data to the Department of Transportation if it is believed the patient's vision or physical or mental condition affects the patient's ability to exercise reasonable or ordinary control over a motor vehicle. Healthcare information, including treatment records and HIV test results, may be disclosed where disclosure is necessary to protect the patient or community from imminent and substantial danger.
- For workers' compensation.  
We may disclose your health information to the extent such records are reasonably related to any injury for which workers compensation is claimed.

American Family Medical will not make any other use or disclosure of your protected health information without your written authorization. You may revoke such authorization at any time, except to the extent that American Family Medical has taken action in reliance thereon. Any revocation must be in writing.

#### Your Rights Regarding Your Protected Health Information

You are permitted to request that restrictions be placed on certain uses or disclosures of your protected health information by American Family Medical to carry out treatment, payment, or healthcare operations. You must request such a restriction in writing. We are not required to agree to your request, but if we do agree, we must adhere to the restriction, except when your protected health information is needed in an emergency treatment situation. In this event, information may be disclosed only to healthcare providers treating you. Also, a restriction would not apply when we are required by law to disclose certain healthcare information.

You have the right to review and/or obtain a copy of your healthcare records, with the exception of psychotherapy notes, or information compiled for use (or in anticipation of use) in a civil, criminal, or administrative action or proceeding. American Family Medical may deny an access under other circumstances, in which case you have the right to have such a denial reviewed. We may charge a reasonable fee for copying your records.

You have the right to request that American Family Medical amend portions of your healthcare records, as long as such information is maintained by us. You must submit this request in writing, and under certain circumstances the request may be denied.

You may request to receive an accounting of the disclosures of your protected health information made by American Family Medical for the six years prior to the date of the request, beginning with disclosures made after April 14, 2003. We are not required, however, to record disclosures we make pursuant to a signed consent or authorization.

You may request and receive a paper copy of this Notice, if you had previously received or agreed to receive the Notice electronically.
